Wag-o-Ween

In 2006, local business woman and owner of the Canine Palace, Sara Portman, started Wag-o-Ween as a small parade to benefit local animal rescues.

In 2020, Sara passed away before she could see Wag-O-Ween's 15th year fulfilled but she entrusted the event with local business The Hipster Hound and non-profit Renegade Paws Rescue. In 2020, the event grew to a two-day event and in 2021 it expanded to include Savannah's Starland District and raised a record amount supporting 7 area animal rescues and 2 shelters.

Wag-O-Ween is a family and pet-friendly fundraising event that takes place in Downtown Savannah and Savannah's Starland District. Attracting over 3,000 participants with their furry friends, humans and animals alike will dress up in Halloween costumes and follow their event maps to over 100 businesses to get dog treats and goodies. In 2023, over \$100K went back to community efforts and local rescues.

Dog of the Month: Honey Dew

Meet Honey Dew! This spayed and vaccinated sweetheart is the definition of a companion dog. At nearly six years old, Honey Dew has perfected the art of being the ultimate cuddle bug. She loves cozy beds, tasty treats, belly rubs, and handing out endless kisses to everyone she meets. She's never met a person she didn't like and is always ready to make a new friend.

Honey Dew does have a thyroid condition that requires daily medication, but don't let that discourage you!

To help her find the loving home she deserves, we will help cover the cost of her thyroid medication. Her condition is well-managed, and she doesn't let it slow her down one bit. It just means there's a little more of her to love, and trust us, you'll love every bit of her!

While Honey Dew can be selective about her canine companions, people are truly where her heart is.

She's looking for a family that wants a loyal shadow, a devoted snuggle partner, and a dog who will love them unconditionally.

Did you know?

On October 27th 1966, CBS aired the special *"It's the Great Pumpkin, Charlie Brown"* where Snoopy's WWI flying ace alter ego made its first animated appearance. The sequence was so popular it later inspired NASA to name their Apollo 10 lunar module *Snoopy* and the Command and Service module *Charlie Brown*.
