Dog of the Month: Carla

This little lady is a bundle of energy. Carla is extremely intelligent and well-behaved. She loves selecting toys from her toy box and settles in comfortably. Going for walks is one of her favorite activities in life. Carla is house- and crate-trained. While Carla adores her humans, she is a bit socially awkward around other dogs.

It is recommended that Carla be the only pet in the home. This sweet girl is also a bit skittish around small children, so a home with adults and older children would suit her best. Carla would be a great companion for any loving, active household.
